

TENDER MONITORING SERVICE

As part of the Enterprise Europe Network hosted by London Chamber of Commerce and Industry, we provide a Tender Monitoring Service which allows subscribers to receive tailored information about the following types of tenders published in the Official Journal of the European Union.

Public works contracts, public supply contracts and public service contracts:

- £106,047 (€135,000) for public supply and service contracts awarded by central government authorities (e.g. ministries, national public establishments)
- £164,176 (€209,000) for public supply and service contracts. These are awarded by contracting authorities which are not central government authorities. They cover the following: certain products in the field of defence awarded by central government authorities; certain services in research and development (R&D), telecommunications, hotels and catering, rail and waterway transport, provision of personnel, vocational training, investigation and security; and certain legal, social and sanitary, recreational, cultural and sporting services
- £4,104,394 (€5,225,000) for works contracts

Water, energy, transport and postal services sectors:

- £328,352 (€418,000) for supply and service contracts
- £4,104,394 (€5,225,000) for works contracts

The service is available from Monday to Friday (except for Bank Holidays) and these are the current rates:
